## What do you love about being a goalie?

I feel happy every time I make a save.

## Why & when did you 1<sup>st</sup> try being a goalie?

I became a goalie a month after I started playing ringette, when I was in Novice C. The feeling I get every time I make a save, which is for me, the best thing in the world. It's also because all of the plays and positions players have to remember are too complicated for me!

## What no one knows about being a goalie/goalie secret

The best spot to watch a game is between the goalposts
